

## **FABRICARE UPHOLSTERY CLEANER**

### **DESCRIPTION**

Scot's *TUFF FabriCare Upholstery Cleaner* is a ready-to-use solution formulated to dissolve most types of dirt, grease and grime without harming washable upholstery or leaving soil-attracting residues.

### **APPLICATIONS AND USES**

Safe to use on most washable carpet and upholstery. Use to remove tough grease and dirt stains. Excellent for car interiors.

|           | <i>Residential</i> | <i>Commercial</i> | <i>Upholstery</i> | <i>Restoration</i> |
|-----------|--------------------|-------------------|-------------------|--------------------|
| Primary   | <b>X</b>           | <b>X</b>          | <b>X</b>          |                    |
| Secondary |                    |                   |                   | <b>X</b>           |

### **DIRECTIONS FOR USE**

Vacuum thoroughly to remove surface soil. Look for manufacturer's cleanability code tags "WS or "W". Do not use if coded "X" or "S". Do not use on silk or velvet. Test cleaner in a small hidden area for colorfastness. Using a clean white cloth, rub cleaner on hidden part of fabric. If fabric changes color or color transfers to cloth, do not use. Spray a light mist onto fabric. Do not soak. Clean a small area at a time. Gently agitate, and blot the cleaner into the upholstery using a clean damp white or colorfast cloth, sponge or soft brush. To avoid rings, clean the entire section of the upholstery having soils or stains. When completely dry, vacuum thoroughly to remove any remaining soil residues.

### **FEATURES AND BENEFITS**

- Encapsulates dirt
- Leaves no sticky residue
- Safe for all washable upholstery

### **TECHNICAL DATA**

Appearance..... Clear liquid  
 pH..... 8.8  
 Fragrance..... Citrus lavender  
 Stability.....Freeze/thaw stable

### **ITEM #      PACKAGED**

265C001      1 Gallon Bottle   4/case

### **DILUTION RATIO**

Ready-to-use
